

Welcome Message

Dear Friends,

With the history and experience of 13 International Congresses behind us, we are now excited to announce the 14th International Congress on Autoimmunity in Ljubljana, Slovenia on 17 – 20 May 2024.

Those following the course of the Autoimmunity Congresses know that in 2022, the 13th Congress was held in Athens, Greece. We made a return to our regular in-person format after the COVID-19 pandemic. We are thrilled to be back in Ljubljana after so many years for the upcoming congress!

Ljubljana is a beautiful city with a rich history and cultural heritage. This stunning location will yet again provide the perfect backdrop for discussions on all aspects of autoimmunity.

The International Congress on Autoimmunity is the largest multidisciplinary congress that covers all aspects of related diseases, offering lectures and courses by some of the world's most renowned experts. At the same time, the Congress provides a platform for young and upcoming talents to present their research to a highly esteemed audience.

Join us and be part of an inspiring atmosphere of medical science amongst old and new colleagues.

Empowering change through collaboration at the 14th International Congress on Autoimmunity!

We look forward to welcoming you to Ljubljana.

Sincerely,

Y. Shoenfeld

Yehuda Shoenfeld, MD, FRCP, MaACR

Congress
